

1st international joint conference on Materials science, Nanotechnology and Biotechnology - MNB 09 - Future Challenges
January 4- 6th, 2009- National Research Centre (NRC)
Under auspices and chairing of
Prof. Dr. Hany El-Nazer
President, NRC- Cairo, Egypt

We cordially invite all specialists and experts in materials science & nanotechnology and biotechnology in different majors to contribute to the 1st International joint Conference on Materials Science and Biotechnology. Nowadays, materials science, nanotechnology and biotechnology are highly developing and challenging areas of research which are promoting every day. The conference will be hosted within the premises of NRC, one of the eminent multidisciplinary research centers in the Middle East, located in the heart of Cairo, Capital of Egypt.

Topics

Advanced Materials	Energy
-Polymers	Biotechnology
-Ceramics	-Vaccine Challenge technology
-Biomaterials	-Cancer and Stem cells
Nanotechnology	-Plant Biotechnology
Nano-materials & Nano-composites	-Animal Biotechnology
Optical & Electronic materials	-Virology and Microbiology
Conducting & semi- conducting materials	Cell therapy
Applications of materials in agriculture, engineering, medicine and pharmacy	Regenerative medicine

Dead Lines

- Abstract	November 1 st 2008
- Full text & Payment	November 15 th 2008

Correspondence

Dr. Amal Amin- Coordinator for Materials -aamin_07@yahoo.com

Dr. Mohey Eldin Solliman, Coordinator for Biotechnology, solliman@yahoo.com

Registration Fees

- **Full Registration Fees:** Egyptians L.E 300, Non - Egyptians \$ 100.

- **Reduced Fees:** for students & young researchers and groups (up to 30%- 50 %)

Payment

- Cash: Conference Unit (CU) National research centre.

- Cheque or Bank Transfer to National Research Centre, CU-TRD, Central Bank of Egypt, Cairo, Account No. 9/450/81761/1, (S. Code 04084897 for NRC BK TAUS33),

(Please fax bank transfer to +20237622603). E-mail: confunit@nrc.org.eg
