

Phase I of IDB ASDN transformation process:

Setting up of E-directory of IDB graduates for three scholarship programmes

By

Prof. Wagdy Sawahel

General Coordinator

IDB Alumni & Science Development Network (IDB ASDN)

=====

After the launching of Islamic Development Bank (IDB) 10 Year Strategic Framework 2016-17, IDB is set into transformation phase which uses the model of Management for Development Result with a focus on outcome.

In line with that model, IDB Alumni & Science Development Network (IDB ASDN) will play a vital role in enhancing the outcome of IDB scholarship programmes for promoting the development of knowledge-based economy in the 56 IDB member countries.

To do that, IDB ASDN will work on full utilization of the research works of IDB graduates as well as bringing them together through a network for their interaction, professional development and exchange of ideas on implementing new projects leading to economic growth.

To achieve that, IDB ASDN will set up an e-portal for directory of IDB graduates for three scholarship programmes as a sub-website from the main website of IDB ASDN.

This portal will include the following:

- **Merit Scholarship Programme (MSP) for High Technology**
- **M.Sc Scholarship Programme in Science and Technology for IDB Least Developed Member Countries (MSc)**
- **Scholarship Programme for Muslim Communities in Non-Member Countries (SPMC) for Undergraduate studies**

The homepage of the portal will look as follows:

Directory of IDB graduates for three scholarship programmes

Merit Scholarship Programme (MSP) for High Technology

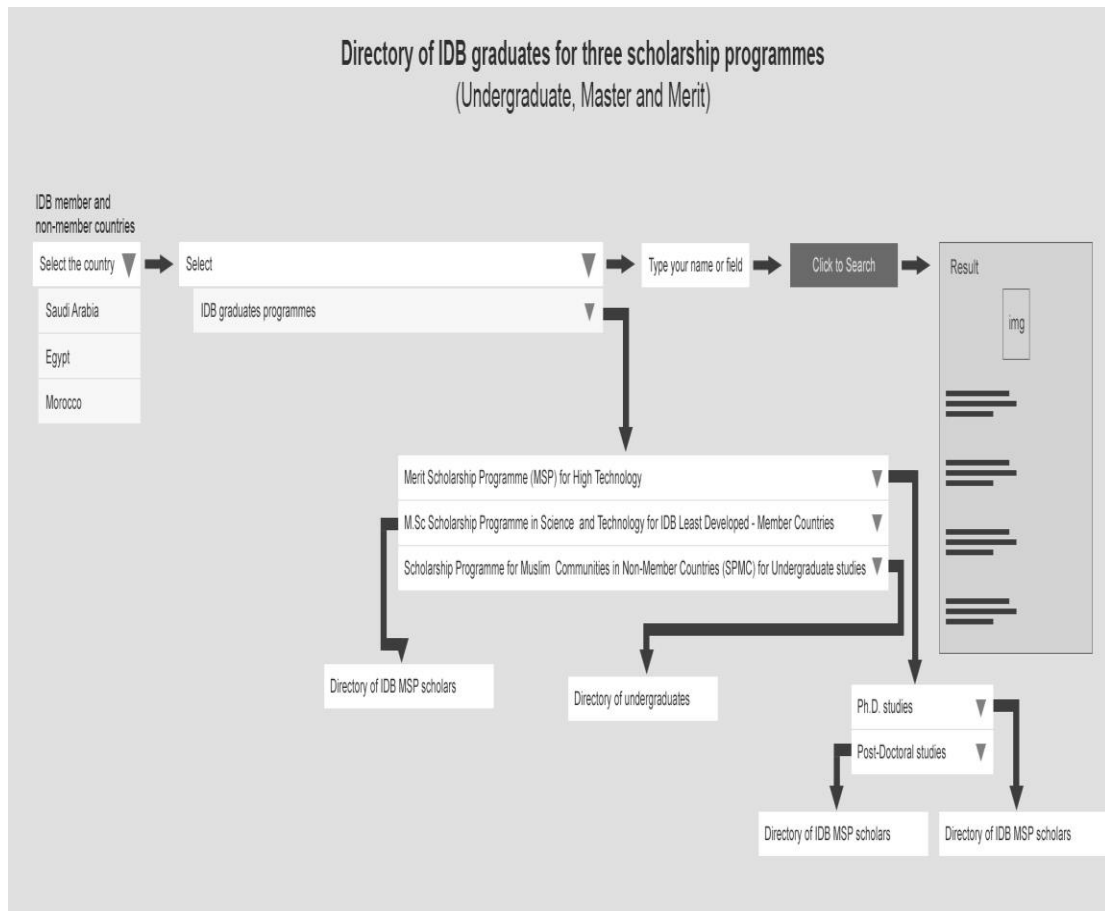

M.Sc Scholarship Programme in Science and Technology for IDB Least Developed Member Countries (MSc)

Scholarship Programme for Muslim Communities in Non-Member Countries (SPMC) for Undergraduate studies

Enter

By clicking on the icon ENTER, you can see search the directory based on the beneficiary countries, the scholarship programme, the name of IDB scholars or scientific fields.....as indicated below.
